### THE FIRST TRULY INTERNATIONAL SOLUTION

# Turn your store into a destination of choice for Asian customers by accepting their preferred payment methods.

Paying with preferred payment methods and in one's own currency is crucial for ensuring a seamless customer experience. By accommodating these preferences, businesses demonstrate an understanding and respect for their customers' needs, enhancing trust and satisfaction.

This approach not only streamlines the purchasing process but also fosters a positive relationship between businesses and consumers, encouraging repeat business and loyalty. With Payxpress, accepting Alipay+, WeChat Pay, and soon UPI, you can make Asian tourists' trips even more memorable.

Integrating Indian payment methods into your business is essential for capturing this growing market. That's why PayXpert is introducing the acceptance of the Indian QR Code solution UPI (United Payments Interface) on POS in the UK.

In addition to our existing Alipay+ and WeChat Pay solutions, we are committed to helping merchants build trust and credibility with Asian tourists. Accepting UPI will broaden your reach to a new audience, and providing diverse payment options, including those popular in India, can give you a competitive edge over businesses that do not offer such flexibility.

Get started now with Payxpress and expand your business's reach to tap into the Indian tourist market. Don't miss out on this opportunity to grow your customer base and increase revenue!
